Local News

The fine new stereopticon owned at Hope college was used for the first time Friday evening at the lecture given by Rev. M. Kolyn on his trip through Holy Land at the First Reformed church.

Another big auto truck than Isaac Ver Schure's, has made its appearance in Holland the past week. It is termed the "Black Beauty" and is manufactured by the Duplex Power company of Charlotte of whom John Kamps is local agent.

There were 91 births and 56 deaths in the county during the month of March. The city of Grand Haven reported 15 births and 10 deaths. Holland reported 25 births and 9 nine deaths, and Zeeland 7 births and 2 deaths.

The excursion steamer York, formerly of Peoria, Ill., has been purchased by parties from here and will be run on Black Lake between here and Macatawa beach, carrying summer resorters and tourists. While coming down the river the York had the misfortune to collide with a bridge and knock her pilot house off. She arrived in Holland harbor Wednesday night under the charge of Captain Van Ry.

The Holland Christian Reformed church at Oostenburg, Wis., and the old Van Raalte church in this city are the principals in a lively tug-of-war with respect to Rev. E. J. Tunk, one of the youngest and most popular clergymen in the denomination. Rev. Tunk is the present pastor of the Oostenburg church and has been called by the local church. Both congregations are pulling with might and main, and this condition has forced Mr. Tunk to ask for additional time before reaching a decision.

The time has come when the statement can be made that the state will not lose one dollar through the failure of the Chelsea Savings bank. When the bank failed the amount held belonging to the state was \$685,587.79. Of this amount \$497,680.55 has been paid, leaving a balance due of \$187,907.24. As security for this amount their remains due on bonds held by the state \$192,000 not including the bond given by the Metropolitan Surety company that failed recently. If this company or the receiver of the bank make no further payments the entire amount due would be collected from the bonding companies. It is expected that the bank creditors will receive seventy or eighty cents on the dollar.

Stepping directly in front of a south bound interurban car as it was leaving Grand Rapids Saturday night, Hiram Wade was struck the fender and thrown to the ground fracturing his leg and receiving serious bruises about the head and body. The car which was in charge of Motorman Thomas Ver Hage and Conductor Fred Jacobitz, was stopped at once and the unfortunate man picked up. He was rushed to Butterworth hospital and it was reported Saturday that he was in a serious condition, as concussion of the brain had developed. Wade had just stepped from a brilliantly lighted barber shop and became confused in crossing the street, no blame for the accident being attached to the crew.

The Pere Marquette has built up a large freight business by routing freight through from St. Paul and Minneapolis direct to New York by way of the car ferries from Milwaukee and Manitowish to Ludington and a conference is now being held in New York to discuss means of improving this service by cutting 12 hours off the usual time made between these cities. There is also another big scheme which will eventually be worked out of a shore line from Petoskey to Chicago, touching all the resort sections on the Lake Michigan shore from Grand Traverse bay to Chicago. This line at present is practically in existence altho it would have to be entirely rebuilt for the heavy freight and passenger business.

At last night's meeting of the common council all aldermen was present. Residents from Prospect Park petitioned for the placing of sign boards at Michigan avenue, State street and Lincoln avenue, warning autoists not to exceed the speed limit of 15 miles per hour within the city limits. The petition was referred to committee on street and cross walks.

The rotary machine proposition was referred to the committee on ways and means who will confer with the agent in regard to prices.

The agreement of the city bonds of the wholesale liquor dealers was referred to the committee of licensees. At its last meeting Monday the committee revoked the licenses granted, since the liquor dealers were not willing to sign the agreements, but after some debate the affair was settled satisfactorily and the terms remained practically the same as set forth in the original amended ordinance, with the exception that the closing hour will be 8 o'clock instead of 7 and whiskey can be sold in half pints in competition with drug stores. The committee on ways and means recommended an expenditure of \$150 for Memorial Day progress, which was granted.

All petitions for street sprinkling were granted.

The City printing was let to the Holland City News Printing Co.,

A motion that the city buy a Kelley-Springfield street roller for the sum of \$2550 was carried with a 5 to 5 tie vote the mayor casting his vote in favor of the motion. The city is in great need of a street roller and the Kelley-Springfield machine is the most reliable and best constructed product of the kind in the market.

The city teaming bids were rejected on the grounds that none of them provided for the specifications as set forth in the advertisement, and the city clerk was instructed to re-advertise for the work.

All bills against the city were allowed. It also was moved to take out \$15,000 insurance policy on the new city hall, the policy to be distributed over the different local agency.

In regard to the proposed side walk on River street the council decided to have the property owners build cement walk, the city providing for the cinder walk. Mr. Rickman's petition for payment on city hall was granted.

The reports of the Board of Public Works for the construction of Prospect Park sewer at a cost of \$4828, and of W. 8th street at a cost of \$2664.50 were adopted. Also a report in regard to the Citizens telephone wiring in the new city hall, free of charge, with the provision that a subsequent placing of telephone be left to them, and in case of a central system the cost of the wiring be refunded. The report was adopted.

The street commissioner reports that a row of dead trees on Cleveland avenue render the passage dangerous. The matter was referred to the committee on streets and crosswalks. A motion that the Gas Co. remove the tar from 12th street adjoining the plant and that farther deposit be forbidden, was carried.

The city engineer was instructed to estimate the cost and draw up plans for the grading etc., of W. 8th street, of 1st avenue between 16th and 32nd streets and estimate the cost of paving 18th street between Columbia and Central avenues. The city engineer later brought in a report of westrumite paving at a cost of \$6090.

A motion to pay the city clerk

\$100 for the special services rendered in connection with the taxes was carried. Also that W. Van Eyck be allowed \$100 for the auditing of the books.

The state bonds of the three liquor dealers were approved.

The council fixed the salaries of the city officials for the year 1910 as follows: City clerk, \$800; treasurer, \$550; street commissioner, \$700; city attorney, \$450; health officer, \$350; city physician, 250; Director of the Poor, \$175; city librarian, 480; city engineer, \$1200; city inspector, 25 cents per hour.

With but a few exceptions, re-appointments were made by the aldermen Monday evening to fill the positions in the gift of the council, but unexpected opposition developed in the selection of members of the board of public works and the park board and dozens of ballots were taken before A. B. Bosman was finally named to succeed himself in the public works and Peter Van Kolken was selected on the park board to succeed Postmaster Van Schelven.

A number of the appointees had no opposition for re election, among them City Attorney Arthur Van Duren, Engineer Henry Naberhuis, Street Commissioner Nauta, City Physician W. G. Winter, Director of Poor James Westreer, and Pound master Peter Ver Wy. Alderman John Vanden Berg of the Second, the oldest member of the council in point of service was elected president pro tem of the council, and Dr. W. I. J. Bruinsma was selected as health officer to succeed Dr. Boot who refused another term. Peter Eelhart was chosen city inspector, his speedy election recalling the deadlock last year between Michmershuizen and Leonard which was ended without an appointment.

The fight for the board of public works appointment was between A. B. Bosman, R. H. Haberman and H. Luidens and 34 ballots were taken before Bosman finally secured enough votes for re election. In the selection of a member of the park board, Trustee Van Schelven was opposed by Peter Van Kolken, Ben Wiersema and Chas. Dutton, each of whom on some of the 14 ballots were but one vote shy of election. Van Kolken finally got it.

On the other boards re-appointment came without opposition. Outside the amendments to the new liquor ordinance, the only other business coming up was the bids on the city printing and teaming which was referred to the ways and means committee for tabulation.

"Mac" Leaves for London

Quite a little excitement was created last Tuesday among the students of the college when it was learned that Makato Yamamoto for a second time had packed his trunks and boarded the midnight flyer to Chicago to join his brother, Prince Tokugawo Tyesaty, head of the Japanese house of peers, on his way to the Anglo Japanese exhibitions in London. The prince was delighted to see his royal relative, but expressed grave doubt as to the wisdom of Mac's plan, since he thought that education ought to come before travel. He, however, consented to wire Makato's father for permission to take the younger brother along, but also suggested that the local college authorities be consulted. Mac did not very readily assent to this proposition but since there seemed to be no other way he took his chances. The advices from Holland, however, seemed not to have been very much in accordance with Mac's wishes, for instead of filling his lungs with the salty ocean breezes he was seen at Van Drezers breaking bread with his guardian-professor. Although chagrined, Mac says that he is not discouraged but will make good the third time.

Mac's brother is at the Congress hotel, Chicago, on his way to London and is attended Viscount Sengoku, Baron Shidura and their secretaries. Last Tuesday he left for Washington to meet Pres. Taft before leaving for London.

The annual festival of the Young Peoples' Society of the Chr. Ref. church of this place took place at the church and the meeting was largely attended, representatives from Holland, Zeeland, Beaverdam and Drenthe being present and taking a part in the program.

Zeeland

Chris DeJonge has contracted to furnish 1,000 feet of 18 inch concrete tile for parties at Lamont. He expects to commence on the job in about a week, when his men and their tools, will leave for that point. Mr. DeJonge informs us that concrete tile is gradually falling more in favor for the construction of blind drains and it will be only a matter of time when the same will be used altogether. Mr. DeJonge has had several years experience in concrete work and is prepared at all times to give estimates and take contracts.

A party took place at the home of Mr. and Mrs. Anthony DeKruif on Church street in honor of Mr. DeKruif's 59th birthday. Many friends and relatives were present. Dainty refreshments were served and all reported a delightful time.

Saugatuck

At the annual meeting of the Alumni Asso. the following officers were elected: Pres., Ira Koning, vice pres., Miss Breuckman; sec., Miss Addie Wade; treas., H. M. Bird. The banquet will be held May 28 at Hotel Butler.

The person who sent reports to the Grand Rapids Herald and Press from here which stated that the affairs of the Saugatuck Amusement Co., owners of the Big Pavilion, had been cleared and creditors satisfied, did not look into the matter closely before making the statements. We have looked the matter up and find the concern still has a number of debts here in Saugatuck. The report says that

the officers are chosen as follows: H. H. Engle of South Haven, president; R. M. Moore, vice president; E. E. Weed, secretary, Frederick Lamouze, manager. — Saugatuck Commercial Record.

The following transfers took place here recently: James Young and wife to Geo. N. Carman, 19 acres sec 33, \$2,250. John Powers and wife to Saugatuck Improvement Co., lots 2 and 3, Morrison & Densmore add., \$500 and other consideration. Garrett Crock to Ole J. Olson and wife, lots 8 and 9, Morrison and Densmore addition, Saugatuck, \$1,000.

In charge of Capt. J. Mitchell of this place the steamer Arundel of the Crawford Trans. Co., left Detroit Wednesday morning to come to Lake Michigan for the Chicago-Saugatuck service. The Arundel has just been repainted and also equipped with wireless apparatus. There was some talk about naming it Kentucky so as to match the steamer Tennessee, which will run opposite the Detroit boy but the idea was given up because of the wide acquaintance obtained by the steamer under the old name.

The Crawford line has shipped over a load of lumber on the Liberty and after the building of the new docks at Saugatuck and Douglas, work will begin on the wharf to be placed at Plumerville on Lake Michigan shore about midway between Pier Cove and Glenn Pier. The new wharf will be about six miles below Saugatuck and will afford the fruit growers of that vicinity a ready access to shipping facilities.

Overisel

The following land transfers took place here recently: Jennie Jansen to Harm Mulder, 40 acres of sec 7, \$1 and other valuable considerations.

Gerrit Krinthol to Berend Jansen, 26 acres of sec. 27, \$100.

Thomas Mokma and wife to R. Warner, 30 acres of section 13, Filmore, \$1,100.

After a short illness from pneumonia J. H. Pluimers died at his home here Saturday afternoon at the age of 35 years. Deceased was well known in this vicinity. He is survived by a widow and four children. The funeral was held on Tuesday afternoon from the Ref. church, Rev. Hekhuis officiating.

Misses Evelyn and Laura Mokma spent last week in Holland.

Henry Michmershuizen was laid up for a few days with fever, but is now a little improved.

Messrs. B. Voorhorst and John Kleinheksel are in Chicago attending the Missionary Congress.

Miss Jeanette Westveer spent Saturday and Sunday with Rev. and Mrs. Hekhuis.

Mr. and Mrs. F. Ter Vree of Holland attended the funeral of Mr. Pluimers Tuesday.

DON'T EXPERIMENT

You Will Make no Mistake If You Follow This Advice

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it is time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy that is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in this vicinity.

Can Holland residents demand further proof than that contained in the following testimonial?

E. L. Milliman, 116 Fulton Ave., Grand Haven, Mich., says: "I have received more relief and benefit from Doan's Kidney Pills than from any other remedy I have ever taken. The hardships of army life caused my kidney trouble. My back often became so lame that I could hardly get around and I was subject to acute attacks of pains in my kidneys. The kidney secretions were irregular in passage and this difficulty was very annoying. After trying a number of remedies without getting relief, I procured a supply of Doan's Kidney Pills and six boxes completely cured me. I have previously given a public statement in favor of Doan's Kidney Pills and at this time I willingly allow its continued publication. My back has been entirely free from pain since Doan's Kidney Pills cured me and I look upon my cure as a permanent one.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Inrush of Immigration

It is said that Ex-president Roosevelt's talks and the receptions which are being extended to him by crowned heads and populace wherever he goes, are stimulating emigration to the United States. This is probably true, although other influences are at work in the same direction. It is noted that the bookings for passage to the U. S. from Hamburg, Liverpool and other big ports in Europe at the present moment are beyond the capacity of the vessels, and that several weeks more will elapse before the shipping can catch up with the work already cut out for them.

For several months past there has been a rapid expansion in immigration. Europe is quick to learn when good times are in the United States, and with the present facilities for passage, it is quick to take advantage of them. The volume of trade here is larger than it ever was before. This fact is brought out in many ways—in the aggregate of railway traffic, in the swelling bank clearings and in the unexampled importation of foreign goods. Our own producers are not able to keep up with the home demand, and manufacturers and consumers are compelled to go to Europe and the rest of the world for supplies. The Americans have more money than a year ago and are spending it freely. Seldom has there been so few idle men in the United States as are here at this time.

In the fiscal year 1910, which closes on June 30, the immigration record will not be broken, and possibly will be not be broken in the calendar year which ends on Dec. 31. The 1,000,000 mark however, will be crossed in the fiscal year. That line was never touched except three times. The immigration was 1,027,000 in 1905, 1,100,000 in 1906, and 1,285,000 in 1907. The panic which struck the country in the closing months of 1907 sent the immigration down to 782,000 in 1908 and to 751,000 in 1909. Then came the upward turn and for the past few weeks the biggest record of 1907 was broken. From present indications 1911 will score a new "highest" in the inflow of home-seekers. The lure of America is still strong in Europe and elsewhere. For intelligent, forceful, ambitious persons in all parts of the Old World the United States is emphatically still the land of promise.

Paris is so busy with Roosevelt and Paulhan that it has forgotten about the flood or dismissed it as not much of a shower after all.

Much damage has been done to fruit, but just think how many undesirable insects have been wiped out by the cold snap.

In states where the women have obtained the right to vote they do not exercise it with any unanimity. That is just like a woman.

In consenting to make speeches in the present prohibition campaign it is surmised that Col. Bryan hopes to benefit from the vintage of 1912.

The Great White Plague

Science has made wonderful progress with this disease in the past few years and in many localities it is now as rare as it was once common. We no longer regard consumption as "running in the family" but are aware that it is contagious if we do not use necessary precaution. While it still claims too many victims, if taken in time it may be mastered.

New York state has sounded the battery, "No Tuberculosis in 1920!" And while it is scarcely possible that it will all be wiped out within the limit given, that it can be eventually exterminated is very generally believed; and, if so, why not make the time reasonably brief and work up as nearly as possible to it?

One of the most effective methods of warfare is educating the masses regarding the methods of fighting it. As a result every school child is familiar with the principles in checking it. The spreading of the disease through ignorance as was done in countless instances a generation ago is no longer done. Here alone is scored a great victory. Here is a sample of the signs which are posted throughout the State:

Don't sleep in rooms where there is no fresh air.

Don't be afraid of night air.

Don't be afraid of cold air.

Don't be afraid of rainy weather.

Sleep with your windows open.

These rules are just as important in Michigan or Minnesota as in New York. We cannot afford to remain ignorant as to the methods of prevention of cure. Fresh air is a remedy of which, unlike drugs, we need have no fear of getting too much. Whether we are sick or well, the rule is the same. Fresh air without drafts is nature's best tonic and her best germ destroyer.

Political Notes

The campaign in Ottawa county is on with a shout and petitions are flying the county in profusion. The new primary reform system has brought the candidates out into the field earlier in the game than usual. The old convention system used to give the candidates a chance to keep in the dark until the opportune moment.

Several three cornered fights have developed as the result of the primary reform and the candidates are finding a far different state of affairs than under the convention system. Louis H. Osterhous of Grand Haven M. A. Sooy of Holland are after the prosecuting attorney's job and C. C. Coburn is going to make a fight to retain it. This fight is going to be a warm one before the primaries next September. Sooy is threatening to cut into the territory in which Mr. Coburn is considered to be strong. Mr. Osterhous is picking up strength in the north country, it is said, while Mr. Coburn has the advantage of already holding the office.

A. J. Ward, John F. VanAnrooy, of Holland and Chas. E. Bosworth of Georgetown are already on the firing line of the nomination as register of deeds and their petitions are already in circulation. Now it is reported that former register, Peter Brusse, is going to get in the game again.

Sheriff Andre is likely to have at least two opponents as John Welch of Grand Haven is already out and Abe Stephan with his old war cry of "Annihilate the Graft" is getting ready to enter the race.

Ex chairman Averill of Polkton is the only one who has taken out a petition to oppose County Clerk F. McEachron for a renomination and Fred Gordon of "Crockery has thus far no opposition in his ambition to succeed County Treasurer Walter A. Clark. With Aloy Bilz of Spring Lake Clark is ready to make the legislative run in the second district of Ottawa County to succeed A. La-huis of Zeeland who will not consider another term. Chas. McBride of Holland is so far the only candidate in the first district to take the seat of the late D. B. K. Van Raalte.

Whether Mr. McBride is to have opposition is hard to predict. Time will bring developments.

The primary law will give all with the political itch a chance to make a try for nomination without asking any odds of anyone.—G. R. Tribune.

Not so Bad as First Reported

The more conservative fruit growers of the state say that there is no cause for alarm over the condition of fruit and that the cold did not do nearly as much damage as first reports would indicate.

Charles Baker, the most extensive grower of this township, says there will be a full crop in many orchards. He states that many blossoms were destroyed on the low lands but those on the high lands were not injured. The freeze will just about do away with the arduous job of thinning, says Mr. Baker.

Chas. E. Bassett, of Fennville, secretary of the Michigan State Horticultural society gives out the following concerning the prospects:

"The severe freezes of the past few nights caught most fruit trees in full bloom—some had well pollenized—and with the mercury at about 29 to 30 it is thought that much damage has been done. One thing that also seemed bad, but was really in our favor, was the snow and cold rains that accompanied the freeze. These drew out the frost gradually, leaving the foliage and blossoms in a better condition than would have been the case had bright, warm weather immediately followed. In some localities there is good reason to expect a 30 to 50 percent crop of apples and peaches. Cherries, plums and pears seem to be hit much harder, but even some of them look

as good as ever now. Strawberries had not come into bloom and are good for a fair crop. I really believe most fruit will be a fair crop, in spite of the most remarkable weather in our history. This view is shared by many of the best posted growers of Allegan county.

Comet Gets Worst of Collision

Comets are more likely to be captured by planets than to damage a member of the solar system or to produce effects on tides. Prof. Pickering of Harvard thinks the earth must have had at least fifty actual collisions with comets since the beginning of animal life. Halley pointed out the possibility of such a meeting. The encounters of the past seem to have had no practical effect.

The plunging of the earth in the tail of a comet occurred in 1819 and in 1861, but no one was the wiser until long after. Some astronomers speak of observing auroral glares and meteoric displays at that time, but whether these were really associated with the comet or not is unknown. Although a comet's tail is composed of poisonous and asphyxiating hydro-carbon vapors and of cynaegen, the amount of toxic vapor is so small that when the earth is brushed by the tail of Halley's comet the composition of the atmosphere will not be so affected that a chemist could detect it. So diaphanously thin is a comet's tail that stars can be seen through it without diminution in brightness.

Sues P. M. for \$9,000 Damages

A declaration for commencement of suit has been filed with County Clerk Brower by O. S. Cross as attorney for Palmer Cook, who claims \$9,000 damages for his barns and contents which were consumed by fire on March 19, 1910. Cook alleges that the fire originated from sparks or coals from a passing engine owned by the company, as the blaze started shortly after the 11:30 passenger train had passed, the dry grass catching fire and spreading to the barns.

Among the principal items and their valuation he had listed in his declaration are the following: One two story barn, \$1,950; one two story barn, \$2,300; another barn, \$450; sheep shed \$300; tools, produce, lumber, etc., \$2,300; currency stored in granary, \$1,200; fences and trees destroyed, \$310.

High School Lands Double Honors

Accompanied by some 40 scholars and teachers, the high school delegation returned last Saturday from Hastings with Bert Bouman and Miss Frances Bosch as winners in the district oratorical and declamation contest.

Mr. Bauman gained first honors on his oration entitled "A Phase of Social Evolution" while Miss Bosch won first honors on her declamation entitled "Regulus' Reply to the Carthaginians."

The contestants made splendid use of the week extra time allotted them through the unfortunate misunderstanding of the preceding week. The Holland delegation was given fine entertainment by the Hastings people and returned well satisfied with their trip.

The judges of declamation were Lieut. Gov. P. H. Kelley of Lansing O. S. Hartwell of the Kalamazoo

high school and Prin. D. B. Waldo of the Kalamazoo Normal. Owing to the illness of the Hastings contestant, Miss Ellen Baerd of Ionia was substituted for her. Supt. L. Tyler of Three Rivers was chairman of the evening and the judges on thought and composition were Prof. E. J. MacEwan of Kalamazoo college Prof. J. F. Mauck of Hillsdale college and Prof. F. Madal of Olivet college.

Dr. Niles Accepts Call

After having been vacant for almost nine months, in which interim many futile efforts had been made to fill the pulpit vacated by Rev. J. Vander Meulen, it was announced at the morning service last Sunday that Dr. Edward Niles of the South Bushwick church of Brooklyn had accepted the call of Hope church tendered him about a month ago.

Although very flattering inducements were made him to stay, Dr. Niles preferred a change of pulpits and accepted the call of the local church. He will take up his work here about June 1.

Attorney General Bird has now cleared up a number of a number of tax exemption questions which have been submitted to him by supervisors from all over the state. For some time there have been floods of inquiries coming to the state department in regard to the provisions of the law exempting old soldiers from taxation. Here are the opinions of the attorney general on the different points involved. A homestead held by joint deed of the soldier or sailor or his wife if not valued at over \$1200 is exempt. A homestead held solely by the wife of the soldier or sailor owns property, the total value of which is over \$1200 the homestead is not exempt. If a soldier or sailor or his widow owns property in two or more parcels, such as a farm and a city or village homestead, valued at \$1200 or less, only the homestead is exempt. The property of a soldier or sailor if valued at less than \$1200, if not used as a homestead, is not exempt. If a sailor or soldier or his widow has a homestead which he is buying on contract, and the property is assessed in his name, it is exempt if valued at \$1200 or under.

A new firm under the name of Westveld & Co. for the manufacture of mission furniture, and porch and door screens, has been formed by J. Westveld and others, who will start a shop on E. 24th St. and begin operations in about ten days.

Patrolman Van Dyne of Grand Rapids received the surprise of his life when, at the door of the county jail, Mrs. Bass, whom he intended to place behind the bars on a charge of vagrancy, reached down and from her stocking produced a \$600 roll of money from which she calmly counted out \$5.30 the fine which Judge Hess had given her. The old lady has a good home with her daughters but at times cannot resist the temptation to increase her capitol by begging gifts from passersby. Patrolman Van Dyne caught her at the offense, and gave her a free ride to and from the headquarters. After the fine of Judge Hess she was at first determined to spend a few days in jail, but at the sight of the forbidden building repented and settled with the man of the law.

Notice of Meeting

To whom it may concern:
Be it known that on the 2nd day of May, A. D., 1910, an application was filed with Edwin Fellows, County Drain Commissioner of the County of Ottawa, for the locating and establishing of a certain drain, which said drain was described in said application as follows, to-wit: beginning about forty rods east of the section line between Sections twenty-two and twenty-three, at a point in the middle of Black River, running thence westerly, deepening, widening and straightening the banks of said Black river until a point is reached about one hundred feet east of the Holland and Zeeland State road (so called) running thence West to said Holland and Zeeland State road to a point about three hundred feet south of the Scholten Bridge (so called) running thence westerly until it strikes Black river beyond the bend in said river about five hundred and fifty feet west of said State road, that said drain will traverse the township of Holland.

Be it further known that on the 14th day of May, A. D., 1910, a meeting of the township board of the township of Holland will be held at Scholten Bridge at two o'clock in the afternoon for the purpose of determining whether or not the said proposed drain is necessary and conducive to public health, convenience and welfare; that at such meeting all persons owning lands liable to assessments for benefits, or whose lands will be crossed by said drain may appear for or against said drain proceedings.

Given under my hand this 4th day of May, A. D., 1910.

At the home of the bride and groom in this city occurred the marriage of Chas. Van Hemert and Nellie Diekema. Another wedding at the already prepared residence of the couple was that of Henry Wilink and Jeanette Achterhof.

Tennis Gowens of last year's college senior class and now attending Princeton, is visiting friends here.

Additional Local

Miss Zora Barnaby is in Olivet attending a cabinet meeting of the officers of the various college organizations.

Rev. J. Wesselink, pastor of the Reformed church at New Holland has received a call to the Reformed church at Newkirk, Iowa.

Centennial park is being beautified by the addition of 20 Japanese tree peonies. A number more of hardy Egyptian lotus will adorn the little lake.

John Wiegink of Allegan can boast of the fact that he has not missed attending church, Sunday school or prayer meeting once in ten years.

With 754,990 school children in the state entitled to participate in the apportionment of primary school money the indications are that the amount will be about \$2 per capita, although some outstanding back taxes may be received in time to swell this total.

Muskegon business men have raised the sum of \$20,000 which will be used in securing new factories. This city is entertaining a proposition to locate there the Brunswick Piano Co. which is a branch of the great Brunswick-Balke-Collender Co. This entire sum was raised among the business places and individuals of Muskegon.

Another memorial to the munificence of Andrew Carnegie has been promised for Holland, his latest gift being a check for \$1,000 toward the purchase of a new organ for the Methodist church on condition that \$1,500 more be raised by the congregation. \$900 has already been pledged with the remainder in sight. The credit for the gift is due to the Ladies' Aid society, who conducted the correspondence. Five years ago Mr. Carnegie built a \$30,000 gymnasium for Hope college.

About 25 carloads of fruit trees have been shipped into the fruit sections of Western Michigan the present spring. The trees have been mostly apples, peaches and cherries. As near as can be estimated, one hundred thousand peach and cherry trees are being set upon one thousand acres of land, and about as many apple trees upon two thousand five hundred acres. In five years the cherries and peaches will be bearing and will be earning from \$100 to \$500 a year an acre; and in ten years apples will be in bearing and will be producing an equal amount of wealth. If we suppose the income from the orchards averages but \$100 an acre, the total income from this year's settings, will, in ten years be \$350,000. In all probability it will be a much larger sum. Without doubt Western Michigan is destined to be the great orchard region of the American continent.

The New Century Rod & Bait Co. closed up their shop for a few days to make some needed changes which will enable them to employ 100 hands within a year.

Being charged with a statutory offense Martin Hiestje of Zeeland was bound over trial in circuit court at the next session, Justice Roosenraad fixing his bail at \$400 which was furnished. Hiestje was arrested here some months ago on a charge of disorderly conduct.

The only authorized Wolgast Nelson fight pictures can be seen Friday, May 6th at the Idea theatre. There will be three shows, at 7:15, 8:15 and 9:15 p. m. and the admission is 25 cents. The pictures of the world's greatest pugilistic battle will be in the city only for one night.

Mayor Seidel of Milwaukee would have the public schools of his home city thrown open Saturday evenings for dancing and other social functions which now are held in other and more or less unsavory places. The mayor insists that the people who work all the week in stores and offices must have some recreation, and he suggests that the public buildings that are not used otherwise ought to solve the problem as to respectability. The press also seems to favor the idea.

News comes from the Michigan Agricultural College at Lansing of the success of two local boys H. Te and L. Kanters. Te Roller is making out fine as a ball catcher and is generally thought of as becoming the regular catcher for the M. A. C. nine this season. He has caught in three successive games so far and is fine at the bat. L. Kanters is making out fine along track lines. Kanters was one of the fastest runners on the Hope track squad last year and the fact that just recently he got second place in a preliminary heat will give him a place on the regular track squad this year.

Dissatisfied because they were unable to secure the representation in township affairs to which they were entitled, Olive township residents will ask the state legislature at its next session to redistrict the large territory and make it into two townships. Olive township is much larger than the other townships, being the usual six miles in breadth, but nearly 10 miles the other miles the other way. Residents in the fractional portion have complained that the people in the square section gobbled up all the offices, leaving them no voice in the administration of affairs.

Out flown only a month by the first robin Davis, the picture man is here again to remind the people of Holland that spring is really here. Large crowds are gathered at the corner of Central ave. and Eighth street at evenings to gloat upon the realistic pictures which Davis throws upon the huge canvas. They feast upon such scenes as "Thompsons night out," "Follow Me, I am on Fire," "Up Pikes Peak," "Honey-moon on Bicycles," "Nine Lives of a Cat," and many other hair raising pathetic, ludicrous flitting scenes. To-night's program will begin with the "Troubles of a Cork" and with "Witches Kisses." All aboard for Davis show!

BROOKLYN TABERNACLE

BIBLE STUDIES

BE TEMPERATE IN ALL THINGS.

Proverbs 23:29-35.—May 8.

"At the last it biteth like a serpent and stingeth like an adder."—V. 32.

WHILE it cannot be said that the Bible commands total abstinence from intoxicating liquors, it can be said that everywhere from Genesis to Revelation it reprobates drunkenness and points us to its debauching effects as injurious both physically and spiritually. We think probably that the climatic conditions of the centers of civilization and the nerve tension of our day make the evils of intemperance specially grievous at this time. These facts would fully justify us as followers of Jesus and the Apostles should we go beyond them in urging absolute total abstinence as respects all alcoholic liquors. Special emergencies and conditions require to be specially met.

As, for instance, while Adam's children being nearly perfect could and did intermarry, nothing of the kind would be wise or in any sense justifiable now because the great depravity of our race through heredity has so pre-faced our natures along certain lines of our weaknesses that even for two cousins to marry is dangerous as respects the sanity of their posterity. In other words, circumstances alter cases. In the interim of nearly nineteen centuries undoubtedly great changes have taken place along certain lines and the wisest and noblest of humanity are practically agreed that in our day, at least, alcoholic beverages are extremely unwise, extremely injurious. They are dangerous for the strong of character, and awful, irresistible temptations to the weak, who should have the encouragement of the strong in the bearing of their burdens of hereditary weakness. The amount of crime and sin which directly and indirectly are traceable to the influence of alcohol should make all good people stand in awe of it and use their influence in opposition to it. In this we are not condemning all those who more or less participate in the stream of crime and sin produced by alcohol. Doubtless amongst those who manufacture and dispense these beverages there are, as well as amongst those who own stock in distilleries and breweries, persons of noble minds, who would rather do good than do evil. By some process of reasoning which we do not fully comprehend they throw the responsibility off their own shoulders upon the shoulders of their weaker brethren and sisters of the human family. Unquestionably money is at the bottom of the traffic. As the Apostle declares, "The love of money is the root of all evil."

In today's Study Solomon the Wise gives us the picture of the drunkard—redness of eyes; woe; sorrow; contentious; complaining. He advises, "Look not thou upon the wine when it is red and giveth color to the cup and goeth down smoothly. At last it biteth like a serpent and stingeth like an adder." It would appear that there is a charm or enticement connected with alcoholic stimulants which gradually wastes the strong and quickly enthalls the weak of will. The wise man associates the demoniacal power of liquor with its twin-sister, fleshly desire and general immorality, saying, "Thine eyes shall behold strange women and thy heart shall utter perverse things." He adds, "Thou shalt be as he that lieth down in the midst of the sea (like floating wreckage) and as he that lieth on top of the mast"—in imminent danger of destruction. He describes the condition of those who become beastly drunk. They are unconscious of injury and seem to have their chiefest pleasure in unconsciousness, so that, upon recovering from one debauch, their desire is to seek the stimulation again. Thus are the chains of slavery to a most degrading habit gradually forged and manhood gradually enslaved and earthly prospects, not to mention heavenly hopes, go glimmering.

It is written in the Scriptures, "No drunkard shall inherit the Kingdom of heaven"—no drunkard, therefore, can hope to be a member of the Body of Christ, the elect Church. Thank God, this no longer means to us his utter perdition, but it does signify great loss. We are never to forget, however, that, having once been a drunkard and having turned from that deplorable condition, the individual would be a drunkard no longer. Let us remember that only "overcomers" are promised a share in his Millennial Throne and Kingdom. He who loses the mastery of his flesh to the extent of being a drunkard is certainly not an overcomer and not at that time in line for joint-heirship with Christ. The President of the United States expressed the following sentiment: "To a man who is actively engaged in reasonable work, who must have at his command the best that is in him, at its best—to him I would, with all the emphasis that I possess, advise and urge, 'Leave drink alone—absolutely.' He who drinks is deliberately disqualifying himself for advancement. Personally I refuse to take such a risk. I do not drink."

When Mr. Taft expressed this he was Secretary of War and evidently did not disqualify himself for advancement by his total abstinence. General Frederick D. Grant, an outspoken total abstainer, said: "Drink is the greatest curse of Christendom, because practically all crime and all disaster are the result of it. Ninety-five per cent—I will make it no less—of desertion and acts of lawlessness in the Army is due to drink. Vice is simply drink in another form. Whoever heard of a saloon completely divorced from the 'White Slave Traffic,' or a house of infamy without a bar? You may tell the young men that General Grant does not drink a drop of liquor—has not for eighteen years—because he is afraid to drink it."

WHAT YOU SAW IN THIS PAPER

35 Years ago To-day.

A very detailed and interesting horse-suit was tried between J. J. Fifield, plaintiff, and J. Alberti, defendant. All the horse doctors were retained as witnesses and many an interesting analysis of the "heaves" was given to the jury and the public. Occasionally a few tricks of the trade would be developed, and a positive distinction drawn between a statement made on the witness stand and an opinion given during a horse trade.

One hundred and twenty-five Lombardy poplar trees are being set out by city along the Black River highway, from the river south. It is being done under the direction of John Lagestee, who receives them from parties at Calumet, Ill.

Dr. S. L. Morris, the founder of the NEWS, has leased his interest in the Grand Haven Herald to his partner, Mr. DuBois, and will take an extended southern trip.

WHAT YOU SAW 30 YEARS AGO

A case of malignant ship fever was discovered here on Tuesday night among some emigrants who had just arrived from the Netherlands. A young woman member of the family died of the same disease the day before in Grand Haven. On their arrival in this city the Board of Health discovered a man by the name of Hers Jansed down with that fever, of which he died during the night. He was ordered buried forthwith.

A serious collision occurred 60 miles off Grand Haven last Thursday night between the schooners E. M. Stanton and R. B. King, the former bound for Manistee, light, and the latter for Chicago, with slabs from Grand River. The accident happened in fair weather and the captains and crews of both vessels have their respective stories to tell as to the manner in which it took place, and both claim to be right. The crafts came together with terrific force, the Stanton striking the King on the bluff of the port bow and

cutting clear into her, so badly, in fact that the latter became water-logged and subsequently required the former to remain along side of her so that she could be kept afloat.

Wm. Swift and wife have taken possession of Scott's hotel which they will run hereafter. Mr. Swift intends to thoroughly renovate the Hotel and will put it in first class condition.

Three of the saloons of this city have discontinued business and will not take out licenses for the ensuing year. This will leave five saloons in this city.

WHAT YOU SAW 20 YEARS AGO

Prof. and Mrs. C. Doesburg and Miss Lizzie Brown on Wednesday attended the funeral at Whitehall of John H. Sullivan, formerly residing in this city with his parents. The deceased had an attack of the grip last winter, followed by partial paralysis of the limbs, from which he never fully recovered. Ten days ago he was again taken sick and died on Saturday, unexpectedly. He had reached the age of 34 years and leaves a wife and one child.

The most disastrous fire the village of Zeeland ever experienced broke out Friday night at the hour of 11:30 and for a time threatened to wipe out a considerable part of the business center of the place. By the zealous efforts of the fire department and the citizens, and the aid of the Unity Roller Mills, they succeeded, however, in limiting it to the premises where it broke out—the general store of Messrs. Den Herder & La-huis. The origin of the fire is generally ascribed to an explosion, the nature of which cannot be explained and throws a very mysterious cloud around the matter.

WHAT YOU SAW 15 YEARS AGO

As a rule the rain the rain falls alike on the righteous and the un-righteous, but of Tuesday morning's shower Grand Haven didn't get a drop.

The Ottawa Beach hotel and the resort grounds were sold under a

bondholders' mortgage foreclosure Wednesday and bid in by C. M. Heald of the C. & W. M. for \$5100. The new proprietor would not say what was to be done with the property this season.

Mrs. M. A. Ryder left Thursday for Macatawa Park where she will spend the summer. She has conducted the hotel there in a manner that has won for her an almost national reputation and she will again have charge of the new hotels.

Born to Mr. and Mrs. Jacob Van Putten, Monday, a son.

WHAT YOU SAW 10 YEARS AGO

B. L. Scott has sold his farm of 21 acres west of the fair grounds to R. M. Moore of Saugatuck.

Undismayed by the fire that destroyed his hotel at Saugatuck, Ed. Leindecker intends to build on the site of the former building and has commenced the work of preparation. He was in Holland Saturday and had the plans of the proposed building with him. They show that the new hotel will be modern in construction and will be capable of accommodating over 100 guests. He expects to have it completed and ready for business by July 15.

Potato Worse than Opium

"Even worse than opium smoking is the smoking of the dried stems of the ordinary field potato," said the doctor. "The potato vine is a poisonous growth. The apple or seed which grows on the potato and looks like a small undergrown green tomato, which it is in fact, for the potato and tomato are blood cousins, is especially potent in its baleful effects if one smokes it."

Usually the vice starts in boyhood days on the farm, when the youngster of the family steals his father's pipe and hisses with it and some matches down behind the garden fence or behind the barn next to the field of potatoes. He does not dare to take up the straight tobacco but he tries out some dried potato stem in the pipe.

"The smoke sets the experimenter into a delicious dreamy state at first, but the heart action accelerates in a minute or two in an effort to throw off the poison through the lungs and skin. The dreamy state quickly disappears, the face gets flushed and the heart action rapidly increases to severe palpitation."

"If the dose has been large the victim feels a wild, fierce elation that impels to action of any kind. In this state he may do anything, but the stage is reached much more quickly than with alcoholic liquors."

"The eyes become blind and clouded. The pupil dilates as the belladonna had been applied. The motor centers are affected and the smoker's face gets pale, while drops of perspiration stand out."

"At this stage the heart action weakens and there is either stupor or syncope, in which the victim of the potato poison lies paralyzed and unable to move, while his brain is in an insane whirl. This represents the height of the intoxication and is followed by acute depression and melancholia and a slow return of the physical powers."

The potato stem smoke speedily draws a victim down. He grows pale, is gaunt, emaciated, ends up with violent acute mania, usually with homicidal tendencies.

"I only had one case of this kind. A boy of 16 caught the habit trying to find a substitute for tobacco. He only lasted about three years. There wasn't anything that could be done for him."

"This young chap could not be restrained or changed from the tobacco stem craving by any of the usual drugs. He was kept in bed, roped down during the maniacal stage that he went through. Morphine did not seem to do any good. The moment he was freed, after recovering somewhat, he would make a rush for the nearest potato vines, try to get and smoke the stems, which he secreted in many places cunningly hidden."

Saves an Iowa Man's Life

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless remedy completely cured him. Its positively guaranteed for stomach, liver, or kidney troubles and never disappoints. Only 50c at Walsh Drug Co., H. R. Doesburg.

What's the Use

To suffer with sore eyes when one 25c tube of Sutherland's Eagle Eye Salve will cure you. We guarantee it. You risk nothing. Its a creamy snow white ointment.

FOOD FOR A YEAR

Meat.....300 lbs.
Milk.....240 qts.
Butter.....100 lbs.
Eggs.....27 doz.
Vegetables.....500 lbs.

This represents a fair ration for a man for a year.

But some people eat and eat and grow thinner. This means a defective digestion and unsuitable food. A large size bottle of

Scott's Emulsion

equals in nourishing properties ten pounds of meat. Your physician can tell you how it does it.

MORTGAGE SALE.

Default has been made in the condi-
tions of a mortgage dated April 12, 1907,
recorded in the office of the register of
deeds of Ottawa County, Michigan, on
April 15, 1907 in Liber 71 of mortgages
on page 224, made and executed by Wil-
liam D. Wells and Marie E. Wells, his
wife, to Ernest C. Greiner. Said mort-
gage was assigned by said Ernest C.
Greiner, by written assignment dated
May 2, 1908 to Robert H. Dohm and
said assignment was recorded in the
office of said register of deeds July 8, 1908
in Liber 87 of mortgages on page 88. Said
mortgage was, by written assignment
dated September 5, 1908, assigned by
Ada M. Dohm, as administratrix of the
estate of said Robert H. Dohm, deceased,
to Vandellia Woodman, as trustee for
Myra Shirras, Mertie Wells and Mary
Winger and said assignment was record-
ed on September 15, 1908 in Liber 71 of mort-
gages on page 352. There is claimed to be
due and unpaid on said mortgage prin-
cipal at the date of this notice for principal
and interest, the sum of one thousand
one hundred and seventy-one and 67-100
(1171.67) dollars; also an attorney fee of
twenty-five (25) dollars, provided by
statute in case of a mortgage foreclosure.
No proceedings at law or in
chancery have been instituted to re-
cover the debt secured by said mort-
gage or any part thereof.

Notice is hereby given that by virtue
of the power of sale in such mortgage
contained and the statute in such case
made and provided, the premises in said
mortgage described will be sold at pub-
lic vendue to the highest bidder at the
northerly front door of the Court House
in the City of Grand Haven, said county,
that being the building wherein is held
Circuit Court for the county in which
said premises are situated, on
Saturday, the 26th day of June, 1910,
at ten o'clock in the forenoon of said day
for the purpose of satisfying the sums
claimed to be due on said mortgage, inter-
est thereon at six per cent, and the ex-
penses of sale allowed by law. The pre-
mises to be sold are described in
said mortgage as follows: The lands,
premises and property situated in the
Township of Wright, county of Ottawa
state of Michigan, described as fol-
lows, to-wit: Commencing at a point
forty-eight (48) rods north of the south-
east corner of section thirty-four (34)
town eight (8) north, range thirteen (13)
west, thence north four (4) rods; thence
east forty (40) rods; thence south four
(4) rods to the place of beginning; and
excepting such part thereof as lies east
of the center of section line road, con-
taining about one (1) acre of land.
Dated, March 22, 1910.
VANDELLIA WOODMAN, Trustee,
Reuben Hatch,
Attorney for Assignee of Mortgage.

MORTGAGE SALE

Default having been made in the condi-
tions of a mortgage dated April 1, 1899,
recorded in the office of the register of
deeds of Ottawa County, Michigan, on
April 15, 1899 in Liber 55 of mortgages on
page 614, made and executed by Ida B.
West and James J. West of Chicago, Cook
County, Illinois to Levi G. Kingsley of
Rutland, Rutland County, Vermont. Said
mortgage was assigned by said Levi G.
Kingsley by written assignment dated
March 12, 1904 to Calvin R. Mower of the
City of Rockford, Winnebago County,
Illinois, and said assignment was recorded
in the office of said register of deeds
March 22, 1910 in Liber 87 of mortgages
on page 287. There is claimed to be due
and unpaid on said mortgage at the date
of this notice for principal and interest,
the sum of one thousand five hundred and
seventy-eight (1578.00) dollars; \$33.00 for
money advanced for payment of past due
taxes; also an attorney fee of twenty-five
(25) dollars, provided by statute in case of
a mortgage foreclosure at law. No pro-
ceedings at law or in chancery have been
instituted to recover the debt secured by
said mortgage or any part thereof.

Notice is hereby given that by virtue of
the power of sale in such mortgage con-
tained and the statute in such case made
and provided, the premises in said mort-
gage described will be sold at public ven-
due to the highest bidder at the northerly
front door of the Court House in Ottawa
County, Michigan, situated in the city of
Grand Haven, said county, that being the
building wherein is held Circuit Court for
the county in which said premises are sit-
uated, on

Saturday, the 2nd day of July, 1910
at ten o'clock in the forenoon of said day
for the purpose of satisfying the sums
claimed to be due on said mortgage, inter-
est thereon at seven per cent, and the ex-
penses of sale allowed by law. The pre-
mises to be sold are described in said mort-
gage as follows: All those three (3) pieces
or parcels of land lying and being situated
in the Township of Spring Lake, County of
Ottawa, and State of Michigan, and de-
scribed as follows, to-wit: (1) The West
fraction of the South-West fractional quar-
ter of Section eleven, Township eight
North Range sixteen West, (2) A strip of
land one hundred and fifty feet wide off of
the South side of the North thirty-six rods
of the Southeast quarter of Section ten,
Township eight North, Range sixteen
West. (3) The South twenty-five acres of
the Northeast quarter of the Southwest

MORTGAGE SALE

Default has been made in the conditions
of a mortgage dated September 10, 1894,
recorded in the office of the register of
deeds of Ottawa County, Michigan, on
September 18, 1894 in Liber 53 of mort-
gages on page 62, made and executed by
Ida B. West and James J. West, her hus-
band, of the City of Chicago, Illinois, to
Calvin R. Mower of the City of Rockford,
Illinois. Said mortgage was assigned by
said Calvin R. Mower by written assign-
ment dated December 3, 1894 to Levi G.
Kingsley of Rutland, Rutland County, Ver-
mont, and said assignment was recorded in
the office of said register of deeds Decem-
ber 15, 1894 in Liber 40 of mortgages on
page 399. Said mortgage was, by written
assignment dated March 12, 1904, assigned
by said Levi G. Kingsley to Calvin R. Mower,
and said assignment was recorded in the
office of said register of deeds on March 22,
1910 in Liber 87 of mortgages on page 287.
There is claimed to be due and unpaid on
said mortgage at the date of this notice for
principal and interest, the sum of four
thousand two hundred forty and 3-100
(4240.03) dollars; also an attorney or so-
licitor fee provided by law in case of a
mortgage foreclosure at law. No proceed-
ings at law or in chancery have been in-
stituted to recover the debt secured by
said mortgage or any part thereof.

Notice is hereby given that by virtue of
the power of sale in such mortgage con-
tained and the statute in such case made
and provided, the premises in said mort-
gage described will be sold at public ven-
due to the highest bidder at the northerly
front door of the Court House in Ottawa
County, Michigan, situated in the City of
Grand Haven, said county, that being the
building wherein is held Circuit Court for
the county in which said premises are sit-
uated, on
Saturday, the 2nd day of July, 1910
at ten o'clock in the forenoon of said day
for the purpose of satisfying the sums
claimed to be due on said mortgage, inter-
est thereon at seven per cent and the ex-
penses of sale allowed by law.

The premises to be sold are described in
said mortgage as follows: All that certain
piece or parcel of land situated and being
in Township of Spring Lake, in the County
of Ottawa, and State of Michigan, and de-
scribed as follows, to-wit: A strip of land
forty-four (44) rods in width off the south
side of the northwest quarter (N W 1/4) of
the southeast quarter (S E 1/4) and a strip
of land forty-four (44) rods in width off
south side of Lot three (3) all in section
ten (10) in Township eight (8) North of
Range sixteen (16) West, according to
government survey. Said land is also de-
scribed on the assessment roll as follows,
viz: A strip of land forty-four (44) rods
wide off the south side of the North half of
the Southeast quarter of Section ten (10)
in Township eight (8) North of Range
Sixteen (16) West, Ottawa Co., Mich.

Notes of Sport

That Holland was most emphatically in line for baseball with a team in the Michigan state league was shown at a meeting of the leading business men of this city held Wednesday evening. The meeting was addressed by Louis L. Arms, secretary of the league, and Bob Enos.

The proposition offered this city is either to have a team controlled by local men, or else grant Bob Enos a bonus in the way of a forfeit and build a new down town park before the league opening. Those present were impressed with the proposition taken from either angle. That Holland will back a team in a style beal to that of any other city is the belief of the local men. Cornelius DePree, who has been connected with Holland baseball for many years, said that Holland would average a daily attendance of from 400 to 500.

Among those present at the meeting were Chas. A. Floyd, Con De Pree, M. A. Sooy, Geo. Lage, W. W. Hanchett, Oscar Peterson, Frank Congleton, B. VanRaalte, Wm. Orr, J. VanderVeen and John Kelley.

Holland's answer, and it is only to decide as to the manner in which the team is to be conducted, will be given in a few days. Mr. Enos said, "If I take the Holland team every member of the independent teams will be given a chance to make good on the league team. Everyone who wants an opportunity to go against any outside talent that may be brought in, will surely be given the chance."

Local Boys Arrested

Chief of Police Kamferbeek evidently made a good haul last Tuesday when he swore out warrants for two local young thugs, John Vos and Herold Dry. The two are charged with the recent burglary of the De Jongh grocery store on E. 10th St. where \$47 in cash was taken from the till, and are believed to be responsible for other mysterious thefts committed in the city during the past winter.

When arrested by Officer Leonard a key was found upon Vos which opened the back door of the 10th St. store. Vos has quite a record in police circles, having served 90 days in the House of Correction about 3 years ago for theft from the Fairbanks bazaar and Vaupell's hardware store. Officer Leonard took him to county jail at Grand Haven, and then with Sheriff Andre went to Grand Rapids to arrest Dry who is in jail there for theft of a pair of candy from the G. & M. warehouse.

Clues to the DeJongh burglary were secured from parties to whom the young thieves had told of the robbery. To prevent bloodhounds from tracking them they had used red pepper which they threw on their tracks. Dry is 18 years old and Vos 20 and both will be arraigned before Justice Vander Meulen separately.

The New Theater

The theater committee had its last meeting last night and the results accomplished seem promising. Messrs. Slagh and Smith are going to push the proposition as much as they possibly can, provided local theatergoers will stand by when it comes to the first selling of the seats.

The plans and specifications are all ready and the playhouse promises to answer to the most modern requirements. It will be three stories high, of an imposing front and will seat 1000 people.

FISH 30 YEARS A CAPTIVE

When Released It Knew Something Besides How to Swim in a Circle.

A big sturgeon that has been a prisoner 30 years has just been released from his long captivity and set free in the Columbia river. The fish was taken from the Columbia river, near Cascade locks, in the spring of 1880. It was caught in a fish wheel and was given to the late Dr. W. H. Adams of Hood River.

The sturgeon was placed in a small pond on the Adams ranch, says the Portland Journal. There were then two ponds on the place, and the fish was changed from one to the other from time to time. Some years ago the ponds filled with grass and weeds, and the water became so shallow that the back of the sturgeon was blistered by the sun.

The fish was then moved to the pool of a fountain on the farm, where it swam about in a circle. It kept growing bigger, until it was about six feet long and the fountain was too small a place for it to be kept.

Mrs. Sue M. Adams Armstrong, owner of the farm, ordered the release of the pet fish, and the sturgeon was carted to the Columbia river and set free.

Interested spectators predicted the fish would swim in a small circle in the river from the habit of 30 years, but this was not true. Dazed for a moment by the unaccustomed extent of water, the sturgeon hesitated, and then swam away to the deep channel of the river.

BEGINNING OF USE OF IRON

Hard to Trace Exactly, But Its Origin Is Thought to Have Been in Central Europe.

It is commonly believed that the use of iron commenced in either Africa or Asia. The latest investigations prove that it was not worked in Egypt until the ninth century before the Christian era, or in Libya until 450 B. C., that the Semites adopted its use still later, and that it has been known in Uganda only within the last five or six centuries. In China iron is first mentioned in 400 B. C. Bronze weapons were employed in China until 100 A.D., and in Japan until 700 A.D. According to a Mr. Ridgeway, who has investigated this subject, the metallurgy of iron must have originated in central Europe, especially in Noricum, which approximately represented modern Austria and Bavaria. Only at Hallstatt and in Bosnia and Transylvania, from which countries the Achaeans and Dorians are supposed to have migrated to Greece, are found evidences of a gradual introduction of iron, at first as an ornament applied to the bronze which it ultimately displaced. Everywhere also iron was introduced suddenly—a fact which implies a foreign origin. He says that meteoric iron was known in Egypt in remote antiquity, but no doubt it was worked as flints are worked, by cutting or chipping, and was not smelted. In other words, it was metallurgy, not the knowledge, of iron that originated in central Europe.

A Form of Selfishness.

"A form of selfishness peculiarly American," said a woman who has traveled much, "is that shown by young married couples who won't assume the responsibility of a home of their own. In every other country a home of one's own is a part of matrimony, but in America the number of young couples living in apartment hotels, or wandering from spot to spot, is increasing constantly. I believe the tendency grows out of the long honeymoon journeys most newly weds consider a necessary sequel of the ceremony. They get the nomadic habit, and grow more and more averse to assuming the burden of housekeeping. So they live on in apartment hotels, envious of their friends who are settled in comfortable homes, but too selfish to go and do likewise. The pity of it is when children come. The nomadic life is bad for children."

American Voices Something Fierce.

"You don't notice it so much when you have been living here right along," said a man who returned lately to America from the Orient, "but to a person who has spent the last two years in sleepy Hindu villages American voices, particularly the voices of American women, are, as the Bowery boy might put it, 'something fierce.' Men gabble or mutter or bellow, clip off words and talk through their noses, all of which is bad enough, but women tear your nerves to pieces by shrieking as if each were trying to outshriek the other. My wife has dragged me to some receptions and things, and I wonder more and more why voices, such as our grandmothers had—sweet, low voices—are never heard any more."

What Keeps the World Alive.

There's the world at large; town, village, country, sea. What is it all about? A man's search for his God, his struggle to fill his stomach, and his desire for his mate. It is only love that keeps the whole pathetic mass together. Fine, slender cords, binding men and women. The light in a woman's eyes, the smiles of children, the actions men do from affection—these things keep the world alive. Nothing matters but that. The worst man loves somebody. The best man loves everybody.—New York Press.

What Is
Chiropractic?

This new and wonderful science had its origin in Bohemia. It was used in that country by workmen who had labored hard and had come home tired and ill. It would revive them and at that time they discovered that chronic diseases of long standing were subdued under its treatment and finally disappeared altogether but the best of it was that the cures made in that way would be permanent.

Chiropractic or hand curing has no nasty tasting medicine—it does not need it. It will cure troubles that will not submit to drugs. It needs no knife and no operations to aid it. It is a treatment that effects the nerves.

Chiropractic is based on a correct knowledge of the nerves. In the human spine are 24 vertebrae each one having an inter-vertebrae notch, and these two brought together create a window (foramen) from which bundles of nerves emanate, spreading to all parts of the human system a luxation or displacement which causes the nerves to be pinched and disease to follow. They may be stimulated but will not be cured unless these nerves are released. The Chiropractors fix these luxations, relieve the nerves and put them in a position to do their great work throughout that part which was affected.

Epilepsy, Deafness, Apoplexy, Appendicitis, Blood diseases, Brain fever, Diabetes, Dropsy, Bladder Troubles, Catarrh, Cancer, Constipation, Consumption (first stages) Dyspepsia, Heart, Stomach, Liver and Kidney troubles, Indigestion, Lumbago, Lost Manhood, Locomotor Ataxia, Nervous debility, Paralysis, Rheumatism, Varicocele, St. Vitus dance, Female diseases and many others have been cured to stay cured.

If you are sick remember the cause is within you. If you have been taking drugs and are satisfied that you are getting worse go to a Chiropractor and get well. A pinning plant will not get strength by sprinkling the leaves, but by removing the cause from the roots—origin of its living power. The nerves control the human system.

W. H. Roe, D. C. and R. R. Pronk, D. C. are experienced Chiropractors, who have offices at 147 East 8th St., Holland, Mich., and also 9 Jefferson avenue, Grand Rapids, Mich. They have made some wonderful cures in Holland and in the surrounding country, go to them, they are willing to give you names and addresses from some of the people they have treated. Their office hours are 9 to 12 a. m., 2 to 5 p. m., and 7 to 8:30 in the evening. They will give you all the information and advise you wish without charge. Some of our well known citizens who give praise to them are Mrs. C. M. Knowles and Mrs. A. W. Nysson at Central Park, R. F. D. No. 1, they wish you to call on them, and would be happy to tell you what has been done for them.

What Louis Kruit Says About It.

I had a cold all winter that I got last fall which was settling on my lungs. I doctored with several doctors but nothing did me any good, until at last they advised me to stop working. Then I heard of these Chiropractic Treatments and made up my mind to try them. I went to Holland and was treated by Dr. R. R. Pronk and am glad to say that I have been working ever since, my first treatment and am getting as strong and healthy again as I ever was. This is what it has done for me in a few weeks of treatment. I can earnestly recommend these treatments to all, that are, like I was, suffering from lung trouble.

Yours truly,

Louis Kruit,

Zeeland, Mich.
